THE NATURAL SAGE™ herbals are packaged in three convenient sizes, as a complement to your personal health practices.

Please note prices and product availability are subject to change, due to market fluctuations.

Every effort is made to acquire organics and wildcrafted herbs for our formulas. THE NATURAL SAGE™ herbal supplements are non-irradiated, and developed with no flowing agents, excipients, fillers, or harmful solvents. Our products are not tested on animals. In an effort to maintain an earth-friendly low carbon footprint, all formulas are packaged in FDA approved paper/polyfoil packaging that contributes less to landfill compared to rigid containers, such as plastic bottles. Our packaging is re-sealable, vapor-guarded; light impenetrable, and tamper-resistant.

Consult your Health Professional if you are pregnant, nursing, take medication, or have a medical condition, prior to supplementing with THE NATURAL SAGE™ herbals.

Exercise caution, and consult your Health Professional when combining over-the-counter drugs or pharmaceutical drugs and herbs/herbal formulas.

Consult your Health Professional before substituting any herbals for over-the-counter or pharmaceutical drugs.

Herbs and herbal formulas have been proven in clinical studies to have an effect. Therefore, please take and administer herbs with responsibility.

Herbal supplements are not intended to replace proper medical attention.

Please keep all herbal supplements out of the reach of children. Please read each herb formula label for best supplementation suggestions.

By purchasing THE NATURAL SAGE™ herbal supplements, consumers accept full responsibility for personal health and safety

Discontinue use of any product that causes any discomfort, and consult your Health Professional for advice in further use.

No sales or distribution of THE NATURAL SAGE™ herbals combinations are permitted, unless by written agreement.

THE NATURAL SAGE™ herbals offer the following concept:

"Remember to take one day off from all supplements each week, and allow your body time to clearly define progress in healing itself."

THE NATURAL SAGE™ herbals thanks you for your purchase, and supports you in your use of herbals and responsible health management.

WELLNESS CONSULTATIONS

Catherine, a gifted Medical Empath, has been providing analysis from photo images and voice patterns for 24 years.

It's helpful to supply both *past* and *recent* photo images.

Usually, consultations are 15 minutes, which includes the brief interview.

(There is no consulting fee for our herbal clients, and new clients to our formulary.)

In the event you're under a physician's care for your health issues, please be advised Catherine is not a physician.

It's important in the latter part of your consultation to discuss with Catherine details of your health concerns, particularly: immune disorders such as Rheumatoid Arthritis, HIV, AIDS and Lupus; in order to determine which of her formulas are best suited for your wellness.

Prepayment for your appointment is through PayPal. You do not have to have an account in order to pay through PayPal. PayPal accepts credit and debit cards.

Upon your request, your consultation is digitally recorded and emailed to you.

Include your telephone number and email to contact you with any further details. (We do not sell or share your contact information.)

Prepaid consultations are \$60 for 15 minutes.

Catherine looks forward to your success and improved health.

TOP DOG™ FORMULAS

***Top Dog™** formulas are packaged in the same FDA approved packaging as the capsule packages you normally use. All compounds synergize very well with each other.*

Every effort is made to provide the highest level of natural and organic GRAS botanical herbs and supplements for each formulation.

The compounds are guaranteed free of: corn, soy, milk, egg, no added sugar, or salt.

Note:

Some dogs prefer a capsule wrapped in a favorite treat. Others will reject a capsule. In that case, open the capsule and mix it in food or a treat. *It's helpful to combine some of the compounds for their synergistic effects such as an Immune compound with the Defender compound for effective enhancement when an infection is evident. As with all health practices, consult your health professional when using supplements.*

FYI:

THE NATURAL SAGE™ has ongoing additions and improvements based on new research and market data.

Our formulary will reflect changes periodically. Three size packages are now available for your convenience.

Your herbal formulas are packaged in FDA approved tamper-resistant paper/polyfoil packaging that contributes minutely to landfill, compared to rigid containers such as plastic bottles. This packaging is re-sealable, vapor-guarded, light impenetrable, tamper-resistant, and shipped with care.

THE NATURAL SAGE™ strives for a negative carbon footprint, and consistently makes every effort toward that end.

THE NATURAL SAGE™ thanks you for your loyal patronage.
